James M. Stockman, ASTC, MIESNA emeritus, TKE (Technical Knowledge Exam)
LIGHTING DESIGNER AND THEATRE CONSULTANT
CELEBRATING OVER 35 YEARS EXPERIENCE

June 16, 2018

Mr. Todd Hensley
Schuler & Shook
750 North Orleans St. Ste 400
Chicago, Il 60654

I write this recommendation in support of the nomination of James L. Read ASTC to become an ASTC Fellow.

Through his tenure as a member of the Society he has been instrumental in keeping the society moving forward in a positive direction.

Parallel to his membership in the society, his contribution to all aspects of technical theatre has been as one of the original pioneers in the profession of theatre, including consulting, manufacturing, and education.

With Duane Wilson's letter of nomination, I am collegial in agreement to honor and support his becoming a fellow of the society.

Jim has demonstrated and earned the award of the select few who have the "FASTC" designation.

Sincerely yours

James M. Stockman, ASTC
